

## **Cookies**

In order to ensure the proper functioning of this website, we sometimes store small data files on your device, cookie. This is the common practice of most major web sites.

### **What are cookies?**

A cookie is a small text file that a website saves on your computer or mobile device when browsing. Thanks to this file, your site keeps you informed about your steps and preferences (such as your login name, language, font size, and other delivery settings) for a certain time, so you do not have to retype it when you next visit or browse your site.

### **How do we use cookies?**

These websites use cookies to memorize user settings, to tailor ads better to the interest of visitors, and for the necessary functionality of websites.

### **How to check cookies**

You can check or delete cookies at your discretion - for details, see [aboutcookies.org](http://aboutcookies.org). You can clear all cookies stored on your computer and set most browsers to prevent them from being stored. In this case, however, you may have to manually modify some settings each time you visit the site and some services and features will not work.

### **How to refuse cookies**

You can set cookies using your internet browser. Most browsers automatically accept cookies at the initial settings.
